## SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Hon. Commissioner of Patents & Trademarks  
Washington, D.C. 20231

Sir:

As a supplement to the Information Disclosure Statement filed on April 10, 1991, and in accordance with 37 CFR 1.51, 1.56 and 1.97 to 1.99, the following is a relevance statement on the citation listed on the attached form PTO-1449 and included with this Statement. It is made of record to assist the Patent & Trademark Office in its examination of this application:

U. S. Patent 5,015,544, issued May 14, 1991 to Burroughs et al., and discloses a battery with a strength indicating means on it. The strength indicating means is comprised of a switch composed of a chamber formed between two different non-conductive layers. Conducting means are disposed in the chamber such that one conductive means can be pressed to contact a second conductive means to place an indicating means in contact with the terminals of the battery.

Respectfully Submitted;
